

Call for Proposals for IUPS Academy Fellows 2022

Nominations are now being accepted for the election of 30 Fellows of the International Union of Physiological Sciences Academy

Background

The IUPS Academy was launched in 2021 to celebrate and publicise the important contributions made by physiologists to science and health, when we welcomed three Honorary Fellows (Hon FIUPS) and 30 Fellows (FIUPS) into the academy. A list of these Fellows can be found at [IUPS Academy of Physiology - International Union of Physiological Sciences](#).

The IUPS Academy will represent the diversity and excellence of worldwide physiology. Our mission is to advance physiological research and teaching, and its translation into benefits for health and society.

With only 30 Fellows elected each year, Fellowship is an honour. The criteria are that the successful candidates will have made exceptional contributions to physiological sciences, in the form of significant original discovery, sustained contributions to scholarship, or in other ways will have rendered a conspicuous service to physiology internationally. As an international organisation, we will take account of geographical variations in resources and opportunities.

Nomination Procedure

Candidates must be proposed and seconded, and the following information provided:

1. A cover sheet with

The name, institutional address, email address, job title and field *of the candidate*.

The name, email address and signature *of the proposer and seconder*.

The proposer is responsible for submitting the completed application. The proposer must have the consent of their candidate.

2. A 500-word citation outlining the case for election, heeding the criteria, and referring to the candidate's '10 Key Papers' document and 'CV'.
